

Employers' Fraud Task Force

Preserving the Integrity of Our Workers' Compensation System

Topic

Opiate & Compounded Medications

"Taming the Beast"

Speaker

Rene Folsie, JD, Ph. D., Attorney at Law

Floyd, Skeren & Kelly

The director of the Centers for Disease Control and Prevention recently referred to opioid abuse - including prescription painkillers - as "a growing epidemic that is gripping our country." And increasingly, that grip includes the American workplace and workers' compensation claims. At the same time the sky-high prices commanded by compounded medicines are drawing the ire of health insurance companies that must pick up the bill.

This presentation will show you what tools can be used to curb illegal and abusive practices.
